## What will I learn?

Functional Skills Information and Communication Technology (ICT) qualifications are designed to give learners the skills to operate confidently, effectively and independently in education, work and everyday life. They are suitable for a range of learners and are fundamental for completing various wider qualifications.

### Benefits:

The qualification will help students develop the following skills;

- Using ICT effectively
- Finding and selecting information
- Developing, presenting and communicating information

## How will I be assessed?

Task-based assessment (Coursework) taken in a controlled environment, which is then internally assessed and moderated and externally moderated.

## Future opportunities

Learners who achieve the EDEXCEL ICT functional skills qualification at entry levels can progress to;

- Edexcel Level 1 and level 2 in functional skills ICT
- Edexcel Level 1 and Level 2 GCSE in ICT
- OCT Cambridge national – iMedia Level 1 – Level 2
